Employee Coverage Option

Operating in Greater Philadelphia Region

www.vitablehealth.com

Hi, we're Vitable

We provide healthcare coverage focused on acute and preventative care. We send a healthcare provider directly to you on demand or at the time of your appointment.

Our members avoid unnecessary, expensive visits to the ER and avoid spending multiple hours in germmy urgent care waiting rooms.

Our personable, competent providers arrive promptly and are able to assess, diagnose and prescribe for common ailments for both adults and children 18 months and up.

Vitable Vs. Traditional Urgent Care Vs. Emergency Rooms

| Condition | Emergency Room | Urgent Care | Vitable |
|------------------|----------------|-------------|---------|
| Allergies | \$1345 | \$307 | \$10-50 |
| Acute Bronchitis | \$1595 | \$327 | \$10-50 |
| Earache | \$1400 | \$310 | \$10-50 |
| Sore Throat | \$1525 | \$394 | \$10-50 |
| Pink Eye | \$1370 | \$302 | \$10-50 |
| Sinusitis | \$1617 | \$312 | \$10-50 |
| Strep Throat | \$1531 | \$311 | \$10-50 |

Scheduling a visit is simple

1. Log onto our website www.vitablehealth.com and select your time of appointment.
2. Once scheduled a Board-Certified Nurse Practitioner will arrive at your doorstep at the time requested.
3. Our personable practitioners will be attentive and will be able to assess, diagnose and prescribe, if medically appropriate

Why members choose us

Save on out-of-pocket acute care costs

70% of ER visits are unnecessary and expensive costing patients an average of \$1,300/visit. Patients with high deductibles find themselves paying this full cost out of pocket. Our members are able to receive more personalized acute care for these 70% of cases at a fraction of the cost.

Convenient, on your schedule

Our providers come to you and our extended availability from 9am - 10pm on weekdays and 9am - 7pm on weekends, enables our members to receive the care they need, when they need it.

Personalized, focused healthcare

Our providers are not rushing from patient to patient like in an ER or urgent care center. They are able to focus on the patient and ensure that the patient is heard and taken care of.
